TOM FORD

THE NEW PRIVATE COLLECTION 2022

Tom Ford's 2022 Private Eyewear Collection embodies true luxury.

The optical range of four styles results from unparalleled craftsmanship and exquisite materials - genuine buffalo horn and Japanese titanium.

The unique patterns and colors of buffalo horn give each frame a distinctive appearance, transforming it into a work of art.

Characterized by extreme lightness and superior durability, Japanese titanium is used in combination with horn and leather to create luxe details with fine finishes and elegant textures.

The frames feature ultra-defined rims that are extremely thin yet sturdy, the quality of the materials enhanced by extraordinary manufacturing processes perfected by expert craftsmen in Italy. This eyewear beautifully blends style and function.
